The numbering system is unique, meaning, when it is properly applied, no two parcels of land in the Philippines will have exactly the same property index number different from any other parcel.”

“Section 3.04 Province Index Number – The first three (3) digits of the Property Index Number (PIN) are used to identify the Province, City and Municipality of Metro Manila. For this purpose each province, city and municipality of Metro Manila, is hereby assigned with a specific number....”
